

**4th Green Growth Knowledge Platform  
Annual Conference:  
Transforming Development through Inclusive Green Growth**

**6-7 September 2016, Jeju International Convention Center, Jeju Island, Republic of Korea**

The 4th Green Growth Knowledge Platform (GGKP) Annual Conference is being hosted by the Global Green Growth Institute (GGGI) as part of GGGI's Global Green Growth Week (GGGWeek2016). For this year's conference, GGGI has partnered with the global university network Environment for Development (EfD) to ensure a wide range of views and research are represented at the conference.

The Annual Conference will highlight the latest research and policy developments affecting pro-poor inclusive growth through plenary sessions and panel discussions led by noted academics, practitioners, and policymakers. The conference will also strengthen the GGKP's efforts to deliver pro-poor, socially inclusive green growth through collaborating in the development of knowledge and strategically aligning efforts by international organizations including GGGI, the Organisation for Economic Co-operation and Development (OECD), the United Nations Environment Programme (UNEP), the World Bank, and other leading GGKP partner institutions.

The Conference will draw together and engage the world's leading researchers, practitioners and policymakers in a number of plenary and parallel sessions that:

- Deliver the latest findings on policies and practices that stimulate inclusive green growth;
- Define future research, knowledge-sharing and opportunities to promote pro-poor inclusive green growth for collaborative action; and
- Identify priorities for action by stakeholders to pursue the most promising policies and practices.

**General registration** for the Conference will close on **19 August 2016**.

Please note there is **no registration fee** for the GGKP Annual Conference or GGGWeek2016.

Further information about the GGKP Annual Conference and GGGWeek2016, including registration details, are provided on the GGKP website at: [www.greengrowthknowledge.org/event/conference2016](http://www.greengrowthknowledge.org/event/conference2016).

**6-7 Sept 2016,  
Jeju Island,  
Republic of  
Korea**

## **Conference Sub-themes and Session Topics**

**Strategy and Policy**

**Participation and  
Empowerment**

**Fiscal Policy and Finance**

**Green Economic  
Sectors**

## Topics to be discussed and debated at the Conference

### Strategy and Policy

- Managing distributional impacts from the green growth transition
- Crafting inclusive green growth strategies: frameworks, guidelines and tools
- Informal economy in the transition to green growth
- Tracking progress: metrics and indicators for inclusive green growth

### Participation and Empowerment

- Ensuring gender-balanced participation and empowerment in green growth initiatives
- Developing skills and capacities for the inclusive green growth transition
- Nurturing inclusive green social enterprises
- Innovative information and communication technologies as catalysts for inclusive green growth

### Fiscal Policy and Finance

- Fiscal reform for inclusive green growth
- Inclusive finance and impact investing
- Insurance solutions for resilient and inclusive green growth

### Sector Focus

- Pro-poor natural resources and land use management
- Green cities as drivers of inclusive green growth
- Mobilizing investments for green energy access for the poor
- Inclusive water management and governance

## About Global Green Growth Week 2016 (#GGGWeek2016)

GGGWeek2016 will consist of more than 20 high-level forums, workshops, and other events as part of a week-long gathering, including the Global Green Growth Summit, GGKP Annual Conference and Knowledge Partners workshop, a regional policy dialogue on renewable energy in Asia, and events involving the Club de Madrid, New Climate Economy, Green Climate Fund, Green Economy Coalition, and Inclusive Green Growth Partnership, among others. GGGWeek will bring together ministers and high-level government officials from developing and developed countries, as well as senior officials from international organizations, development banks, green financial institutions, green technology leaders, leading think tanks, academia, and multinational corporations working in the green growth arena. ## About the Green Growth Knowledge Platform

The Green Growth Knowledge Platform (GGKP) is a global partnership of international organisations and experts that identifies and addresses major knowledge gaps in green growth theory and practice. By encouraging widespread collaboration and world-class research, the GGKP offers practitioners and policymakers the policy guidance, good practices, tools, and data necessary to support the transition to a green economy. Founded by GGGI, OECD, UNEP and the World Bank, the GGKP draws together over 40 partner organisations and institutes. Learn more at: [www.greengrowthknowledge.org](http://www.greengrowthknowledge.org)
