

Urban Green Growth in Dynamic Asia Knowledge Sharing Platform

SAVE THE DATE!

3rd OECD Knowledge Sharing Workshop on Urban Green Growth in Dynamic Asia

Smart City and Green Growth

6-7 May 2015, Bandung, Indonesia

You are kindly invited to participate in the 3rd OECD Knowledge Sharing Workshop on Urban Green Growth in Dynamic Asia, to be held in Bandung, Indonesia, on 6-7 May 2015. The event is part of the Knowledge Sharing Platform on Urban Green Growth in Dynamic Asia and will specifically focus on **smart city and green growth**.

The workshop is organised by the City of Bandung and the OECD, and will be supported by BAPPENAS and the OECD Knowledge Sharing Alliance. The objective of this event is to discuss how smart city tools, in particular Information and Communication Technologies (ICT), can support urban green growth objectives in the City of Bandung and elsewhere. The workshop will consist of site visits and roundtable discussions. Representatives from Asian and OECD cities and national governments, subnational networks and other international organisations will participate.

Please contact **Loïc Daudey**
(OECD) (loic.daudey@oecd.org)
to confirm participation to the
workshop
